Mobile spa finds home at Residence Inn Cranberry

The Hamister Group, Spa-Nique partner to offer spa services in hotel, plus in-room treatments; top clients get sneak peek

BUFFALO, NEW YORK – [The Hamister Group, Inc.](#), a national leader in hospitality management, has partnered with mobile spa company [Spa-Nique](#), to offer a complete line of spa services to locals and hotel travelers at the [Residence Inn Pittsburgh Cranberry Township](#).

Spa services are now available both in-room and at a dedicated spa unit within the hotel. The menu offers a wide-array of massage options, including deep tissue, '4 Hands,' sports, and features a couple's massage complete with a bedtime hand and foot sugar scrub and a head-to-toe hot oil massage. The hotel is also offering a 'Thai Spa Body Polish,' an aromatherapy peppermint foot scrub and organic airbrush tanning services for a virtually chemical-free, customized tan.

The official kickoff event was held at the [Residence Inn Cranberry](#) on April 29, and was run in conjunction with the hotel's popular 'Ladies Night Out' invite-only client appreciation event, which the hotel has hosted each year since 2005. Attendees, who included the hotel's top clients, participated in basket giveaways, were treated to free food and drink and indulged in complimentary chair massage and manicures (SEE ATTACHED PHOTOS).

-more-

Currently, Hamister-managed [Hampton Inn Pittsburgh Airport](#) is also offering spa services to its guests and community. The long-term plan is to construct spa facilities and offer similar services in each of the other three Hamister-managed hotel properties in the Pittsburgh area (see list at end).

“I am extremely proud of the growth and success we have achieved in our hospitality businesses,” said [Mark E. Hamister](#), chairman and CEO, The Hamister Group, Inc.

“Partnering with Spa-Nique positions us as an industry innovator and makes us increasingly attractive as we continue to grow and secure additional properties.”

“We’re pioneering this concept and know it will increase hotel accommodations by differentiating us from our competition,” says Bonnie Weyman, general manager, [Residence Inn Pittsburgh Cranberry Township](#). “We’ll have on-location, free chair massages at peak check-in times and all new clients will receive a free bag of five facial products from Avalla (Spa-Nique partner).” Weyman adds “offering these services will improve our guest satisfaction and create a great selling point for our sales team, especially when we introduce our customized bridal, couples, etc. packages and begin offering spa discounts for frequent travelers.”

[Spa-Nique](#) is no stranger to the hospitality industry, currently operating with nearly 100 Pittsburgh-area hotels and a number of local businesses to offer corporate/workplace massage and other services. In addition, their customized, luxurious, [38-ft RV](#) has all the comforts of a private suite and it is used to host bridal parties, birthdays, anniversaries, and private appointments— brought to your front door.

“We have been building partnerships within the hospitality industry for years now, and are so pleased to be offering services out of the [Residence Inn Cranberry Township](#),” said Reed Tripp, CEO and founder of [Spa-Nique](#). “The advantages of offering our services directly in the facility are countless and mutually beneficial. The Inn realized with nominal investment and nearly immediate ROI, [Spa-Nique](#) would give them an advantage over the competition. Spa-Nique is fully insured and offers liability protection at no charge, which is a huge plus for both parties,” added Tripp. “There are definite advantages over the typical brick and mortar spa.”
